THE DOMINION

Located in Southwestern Exodus, the burning lands of the Dominion are home to one of the most stable, but also static nation in all of Exodus. In the Dominion, society has changed very little since the first Khagan created the caste system a millenium ago. This set the magically-gift Khans at the top of the order and separating the rest into four classes (the raiders, the shamans, the historians and the casteless).

The Dominion's traditional enemy is the Arman Protectorate whose clockwork warriors have proven to be a match to the Dominion's more mobile armies.
